

2022 Broadband Initiatives:

For the 2022 General Assembly Session, HB 30 introduced \$49,725,000 for the first year and \$49,725,000 for the second year from the general fund for the Virginia Telecommunications Initiative (VATI).

VATI is expected to be completed in less than 3 years, starting July 1, 2022.

Residents and businesses who want to learn more, sign up for updates, or pre-register their locations for broadband service should visit fiber.allpointsbroadband.com
